📅 DATE TRACKING

Page Created: July 3, 2026

Last Edited: July 3, 2026

Edit History Log:

- July 3, 2026 — Initial creation. Consolidated everything the website needs from your notes (short bio, two lanes, locked Bella Effect intensity levels + pricing + copy, full services list, platforms, real customer questions from transcripts, boundaries, voice rules, site concept v6, page-by-page build guide, designer handoff brief, open questions, scripts, sales patterns). Added DATE TRACKING section per Master Reasoning Instructions.

This is the single source of truth page for building BellaBlasts.com.

It consolidates every detail your website (or a designer/bot) needs: bio, services, pricing, Bella Effect structure, page-by-page breakdowns, voice rules, customer questions, boundaries, and open items.

Use this for:

- Building the actual site pages
- Writing copy
- Training the website bot
- Designer handoff

All content pulled directly from your locked notes and sources. References included at the end of each section.

1. Who Bella Blast Is (Short Bio for Site)

I'm Bella Blast. Fetish creator. Psychology brain. I build experiences, not just clips.

I've been doing this for years. It started with reselling shoes on Poshmark — someone asked me to wear a pair before shipping. I was embarrassed as hell at first. Then my audience made it clear they didn't want a polished porn star. They wanted the real girl-next-door version doing this at home on a Tuesday.

I'm known for: farts/gas, feet, giantess/vore, BBW, toilet, domination, humiliation/SPH — and yes, scat (private).

I'm a switch. I can go dominant, girlfriend energy, bratty, worship — whatever fits you.

The Bella Effect (signature): "You know what a custom is. You know what a live is. The Bella Effect is both. You watch me make yours in real time instead of getting a file."

Guarantee: "You'll come harder than you ever have."

6. Real Customer Questions & What They Actually Ask (From Transcripts & Conversations)

These are direct from real DMs. Use these to train the bot/AI and write FAQ.

First messages / openers:

- “Hey love farts and lots of farts”
- “Do you do customs?” (very common first question)
- “So do I just contact u here if I need anything?” (coming from another platform)
- “Would you be willing to sell me some scat?” (often means physical shipment)
- “I always wanted a fart session with you”

Specific requests:

- Detailed custom descriptions (e.g., “Loud bubbly farts while laying on your belly on the bed in a long sleeve shirt and tight skirt and pantyhose”)
- “Would you be able to make a pov of you sitting on my face and farting? Basically like a simulation.”
- Budget volunteering: “I’ll start with 20”
- “When can you film it?” (after agreeing to custom)

Common questions the bot/AI must answer confidently:

- “Is this explicit?” → Content ranges PG teaser to fully explicit depending on choice and platform.
- “How does The Bella Effect work?” → Pick path (Audio/Visual/Scent/Full), tell me vibe/must-haves, I build it. Live or recorded. Start at Level 1 if new.
- “Do you do feet/giantess/vore/BBW?” → Yes. Customs, clips, live.
- “Do you do scat?” → Yes (private + VISL + physical shipping US only).
- “Do you do live calls?” → Yes. Fart $40, Toilet $75. Waitlist because natural. No scheduling body functions. Feet / ass Joi $25/5 min starting
- “How do I pay?” → YouPay (best), Cash App, Amazon GC, PayPal (+10%).
- “Privacy / discretion?” → Yes. Discreet payments. Vacuum-sealed shipping with no identifying info. Use initials/fake name.
- “I’m new — where do I start?” → Start with clips on OnlyFans/Fansly/Clips4Sale. Or $7 voice note. Come back for Bella Effect when ready.
- “What’s the VISL Vault?” → Private Telegram. Rotating scat/fart clips never on public pages. Pay to access.
- “Can I stay anonymous?” → Yes. Just give a name to call you and contact handle.
- “Do you ship internationally?” → Worn items depend; physical scat US only.
- “How long does delivery take?” → Physical ~1 week / 9 days total. Digital same day or 24 hrs for customs.
- “Refund policy?” → Deposits convert to double free videos if session fails. No refunds once delivered.
- “Are you actually Bella?” → I’m the concierge/bot. I screen and route. Bella handles personal.

From real transcripts — what kills or closes sales:

- Ask budget BEFORE quoting full custom (biggest lesson).
- Deliver fast after payment.
- One clean price, not wall of add-ons first.
- Let them ask “what else” after clips → then introduce Bella Effect.

- Urgency works (“if you do in the next 5 mins”).
- Low-ticket entry for broke fans: $7 voice note or VISL first month $20.

7. Boundaries & Rules (Non-Negotiable — Bot Must Enforce)

- 18+ only. Consent only. No freebies, no samples, no beggars, no “hey.”
- No haggling.
- No name-calling as dominance (psychological control only).
- Disrespect = done, no refund.
- I reserve the right to decline any request.
- No illegal/non-consensual (minors, animals, blackmail, hidden cam, etc.).
- No direct personal contact info given out.
- No meetups unless explicitly on booking page.
- DMCA protected. Content owned by me.

Safety script for bot: If under 18 or illegal request: “I can’t continue. Take care.”

8. Voice & Tone Rules (For Any AI or Copy)

Speak like Bella:

- Confident, warm, a little dangerous. Blunt. Playful. Curses casually.
- First-person, talking to ONE person.
- Short, punchy sentences mixed with longer sensual ones.
- Call them “babe” sparingly when it fits.
- Sign off as “Bella” or “Bella Blast.”

NEVER say: taboo, darkest fantasy, unfiltered, unapologetic, toot, dive in, here’s the thing, at the end of the day, let’s unpack.

NEVER: Beg, be desperate, over-explain, sound like customer service or a form, promise exact response times beyond “within 24 hours,” give out my personal Telegram, accept payment directly, guarantee body functions on schedule, discuss past management.

From real convos: Use phrases like “Don’t act shy now… I know exactly what you want.” “You want X? Then do Y.” “No samples. No beggars. No ‘hey.’” “I’m the realest you’ll get.”

9. Site Concept & Structure (v6 — LOCKED June 19, 2026)

The site is an interactive magazine, not a website. Each page is its own immersive world. People don't pick a lane and leave. They explore one world, go back to the cover, and check the other one because each feels completely different. The site is beautiful enough that people want to see all of it.

THE COVER (BellaBlasts.com)

The cover has THREE elements. Nothing else.

1. **Bella's photo** — dark, elegant, confident. Not overly sexual. Just presence. Black background, warm lighting. The feeling: "This woman is a whole brand."
2. **Entry into World 1** — the content world. Visual invitation, not a button.
3. **Entry into World 2** — the Bella world. Different energy from World 1.

No menu bar. No navigation. No About Me. No socials. No FAQ. No pricing. Just the photo and two entries.

WORLD 1 — CONTENT (quiet buyers)

What lives here: OnlyFans links (feet and fart separate), Fansly, Clips4Sale, Telegram vault

The vibe: visual, body-forward, warm tones on black. Browse and buy. No conversation required. Links route to platforms where purchase happens.

Who this is for: the silent buyer. Tap in, find their platform, buy, leave. Nobody asks them to talk.

WORLD 2 — BELLA (personal experience)

What lives here:

- The Match Game ("Our First Meeting")
- The Bella Effect (premium sessions)
- Custom video ordering
- Live fart and toilet calls
- Worn items
- Texting and sexting
- Payment links (CashApp, YouPay, Amazon gift card)

Two entry points inside this world:

- "Let me figure you out first" → the match game
- "I already know what I want" → straight to services

THE MATCH GAME — "Our First Meeting"

What it is: disguised intake tool. They think it's a fun game about meeting Bella. They're actually giving her a full client profile.

3 questions. Fun voice. Each answer maps to random, unexpected scenario elements. The connection between their pick and the result is creative and surprising — that's what makes it a game, not a form.

What questions profile: niche/fetish, dynamic preference (dominant, submissive, tone), intensity or sub-preferences

What they see at the end: a generated first-meeting scenario. Wild, fun, screenshottable. "We're on the moon, I'm in a red dress, I sit on your face while we play a farting game."

What Bella gets: clean profile. Niche, dynamic, intensity, preferences.

After the result, two options:

1. **"Make it real"** — $5 deposit, submit scenario, Bella contacts them. The $5 applies toward whatever they book.
2. **"Not yet"** — back to browsing, no pressure, no email push.

Returning visitors tell Bella their scenario. That IS their ID.

Bonus for completing: 10% off first purchase.

The game is a shortcut, not a gate. People who skip it still access everything.

DESIGN DIRECTION

- Black background, elegant, expensive
- Mobile-first
- Each world has its own visual atmosphere
- No nav bar, no hamburger menu, no standard website layout
- Interactive magazine energy

10. Page-by-Page Build Guide (from Breakdown)

Colors: Black, Crimson Red, Gold

Fonts: Playfair Display (headers), DM Sans or similar clean sans-serif (body)

Vibe: Luxury, dark, seductive, psychologically sophisticated

Platform: Hostinger (where she already has hosting)

Quiz tool: Embeddables.co (already has Starter plan at $19/month, includes Notion integration)

CRM: Notion "Little Black Book" database (already exists, has client tracking with fetishes, platform, payment methods, total spent)

PAGE 1: HOMEPAGE (BellaBlasts.com)

Purpose: The ONLY job of this page is to get them to either take the quiz OR go buy a clip. That's it. Two buttons. Nothing else competes for attention.

Above the fold:

- Short looping video OR static hero image (Babe, clothed, confident, looking at camera — NOT explicit, just vibes)
- Headline: "You didn't end up here by accident." (in Playfair Display, large)
- Subtext: "Something brought you here. A clip that hit different. A curiosity you can't shake. I'm Bella Blast. I don't sell videos. I sell what those videos do to your body when nobody's watching. The Bella Effect. Ready to find out what yours is?"
- TWO BUTTONS ONLY:
  - Primary button (big, crimson): "Take the Quiz" → goes to the quiz
  - Secondary button (smaller, outlined in gold): "I Just Want Clips" → goes to the Instant page

Below the fold:

- "What's New" section — 3-4 lines of current announcements. Updated weekly.
- Social links: Twitter, TikTok, PodGAS podcast link
- Footer: 18+ disclaimer, contact email (bootyfulfarts@gmail.com), "Discretion Guaranteed," copyright

What's NOT On This Page: No pricing, no category gates, no menus with 10 links, no platform logos or external store links, no blog, no video that auto-plays with sound.

READABILITY RULE: White or very light text on dark/black backgrounds. Dark text on any light or colored backgrounds. Never light text on red/crimson backgrounds. Minimum 16px body text on mobile.

PAGE 2: THE QUIZ

Purpose: Qualify visitors, collect their email, understand their preferences, route them to the right experience, and make them feel like working with Bella is a PRIVILEGE (not a store transaction).

Quiz Flow (5 questions):

1. "What brought you here?"
2. "What are you actually looking for right now?"
3. "How do you like your experience?"
4. "What's your budget comfort zone?"
5. "Where should I send your results?" (email + optional Telegram)

Quiz Results: Route to Instant or Bella Effect page.

Behind-the-Scenes: Quiz responses push to Notion Little Black Book via Embeddables.co Notion integration. Email addresses push to email list.

PAGE 3: THE BELLA EFFECT PAGE (MONEY PAGE)

Purpose: This is the MONEY page. This is where The Bella Effect gets explained, priced, proven, and sold. Everything on the website eventually pushes people here.

12. Open Questions & Contradictions (Flag These for Bella to Lock)

These appear in multiple docs. The bot/AI should say "Bella will confirm" or route to her until locked.

Pricing Contradictions:

- Inhaler + session bundle: $120 or $130?
- Face mask pricing tiers (two different structures).
- VISL pricing (simple $25/mo vs 4-tier 25/45/85/150).
- VISL clip prices ($7 lucky / $10 / $12).
- Bella Effect session pricing vs levels ($40/20min vs Level 1 $25 / Level 2 $40).
- Name use add-on $10 or $40?

13. Quick Scripts for Bot / Website / DMs

Greeting: "You found me. Welcome to BellaBlasts.com. I can help you find exactly what you're looking for. What should I call you?"

Split: "Alright [Name]. Two ways this goes: 🔥 I want to have fun (clips now) or ❓ I have a question. Which one?"

After clips: "Want something made just for you? I can walk you through The Bella Effect."

Intake for deeper: Ask one at a time: Live or recorded? Focus? Budget range (under $50 / $50-150 / $150+)? Done one before?

Payment info script: List YouPay, Cash App, etc. “Once it’s in, you’re locked.”

14. How Sales Actually Happen (From Real Transcripts)

Wins:

- Customer volunteers budget early → deliver fast → they ask “what else” → natural upsell to VISL/Bella Effect.
- Redirect from worse product (Scatbook → VISL).
- Fixed prices for physical. Urgency closes.
- Follow up after delivery.

Losses (what to avoid):

- Quote full custom before asking budget (sticker shock).
- Wall of text with every add-on explanation.
- Long timelines (“2 weeks”) when they want it now.
- Saying “sure babe we can make it happen” with no next step or price.
- No low-ticket option when they say they’re broke.

Pattern that works: Get interest → get budget → deliver fast → let them ask for more → show next level.
